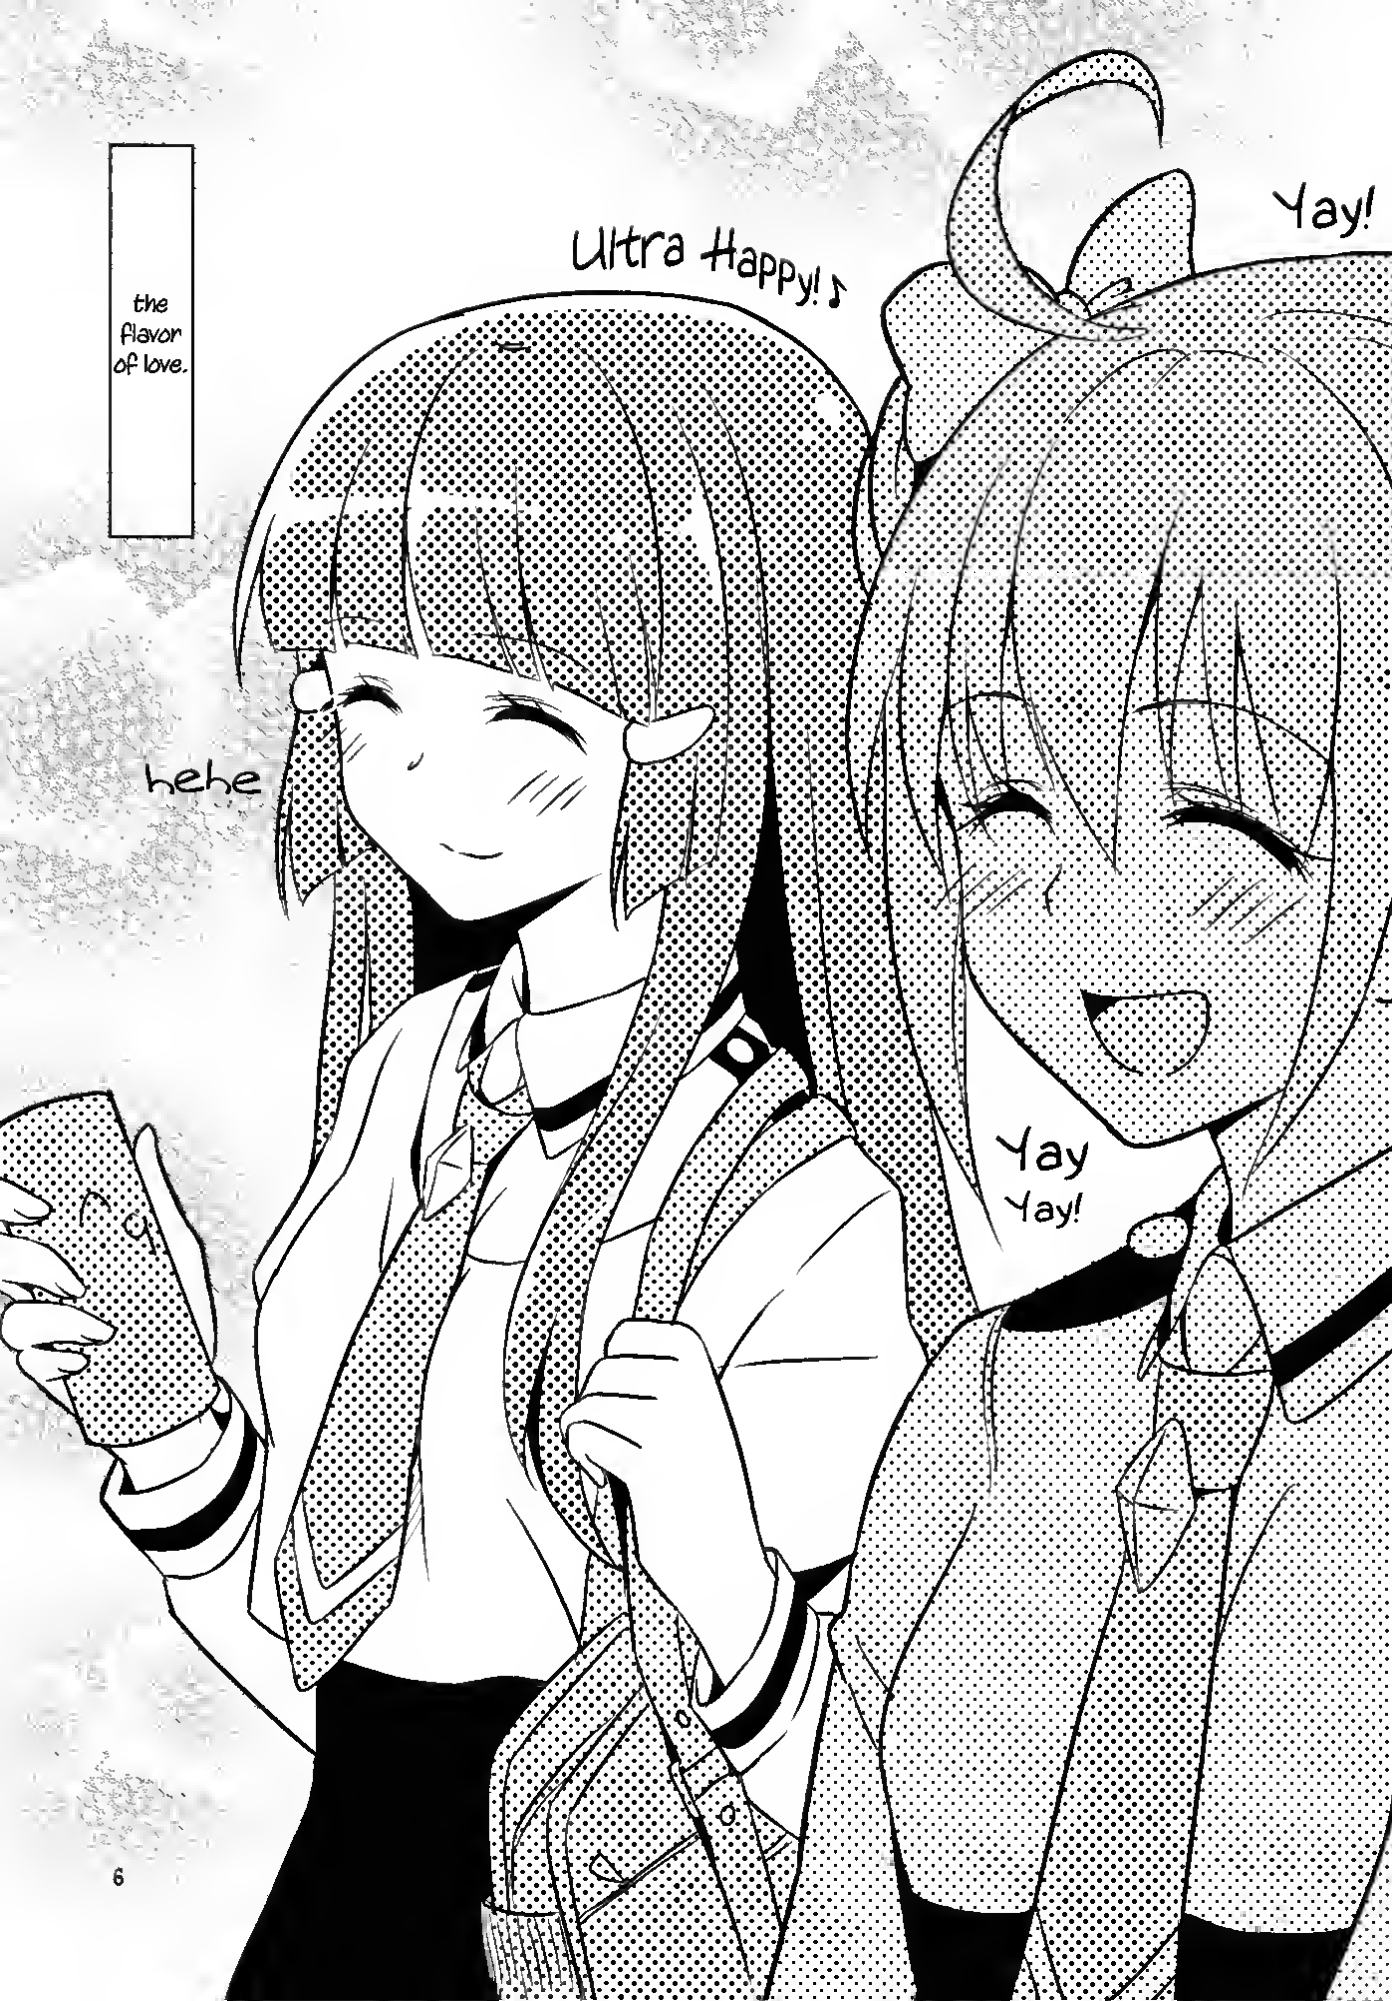
Th-Thank you...
This is...
Yayyy!! Ultra happy!
I think I just suddenly became ultra happy.
Huh? What is it?
hehe
fuahh
Oh my
gulp gulp gulp



the flavor of love.
Ultra Happy!♪
Yay!
hehe
Yay
Yay!

For today...
I have a special lesson planned...
since you failed another history test, Nao.
I have written the important points of the exam upon my skin.
They are underneath these pieces of tape.
We'll learn through physical experience.

While we're at it, you can pick out your favorite costume as well.
Would you prefer me wearing plain clothes...

Or perhaps a school uniform is more to your liking?

That's the sorta stuff Nao has been fantasizing about.
Akane!!
I wouldn't mind, Nao, if that's what you would like me to do.
hehe
No, no, no. You have to refuse me!
Reika, it's not true! She's just making it up!
that it's possible that method could assist a student in memorization.
However, I do believe ...
Writing things on the back of your hand to memorize them is the most common way.
It's not really the same.
手
I think being in constant contact with information you need to learn is the most suitable way to absorb it.
Yes...
For memorization...
道

THAT IS THE CORRECT PATH!!
Reika...
She really can pull those scrolls out from anywhere...
You're.. right.
Yeah!
Let's get to our homework soon

What are we having for dinner?
This is awful!!
It's too quiet
Flip
HEY!
HM?
GRIN
Here we go...
!!
I'm scared! I'm scared!
Tehehe
Nooooooo!!!!
There!

I've been waiting for this study group, so I need to be more enthusiastic about this and get to work!!
.....
.....
.....
Sure.
Hey Reika, could you take a look at this?

.....
.....
.....
It's "saw", not "seed".
I see, I see.
Akane-san, you are using the incorrect past tense for "see" here.

.....
.....
...ZZZZZ
You have to be careful.
I'm impressed
That's because "see" is an irregular verb.
"Seed" is not used for any verb tense of "see".

Ah...
noth-ing...

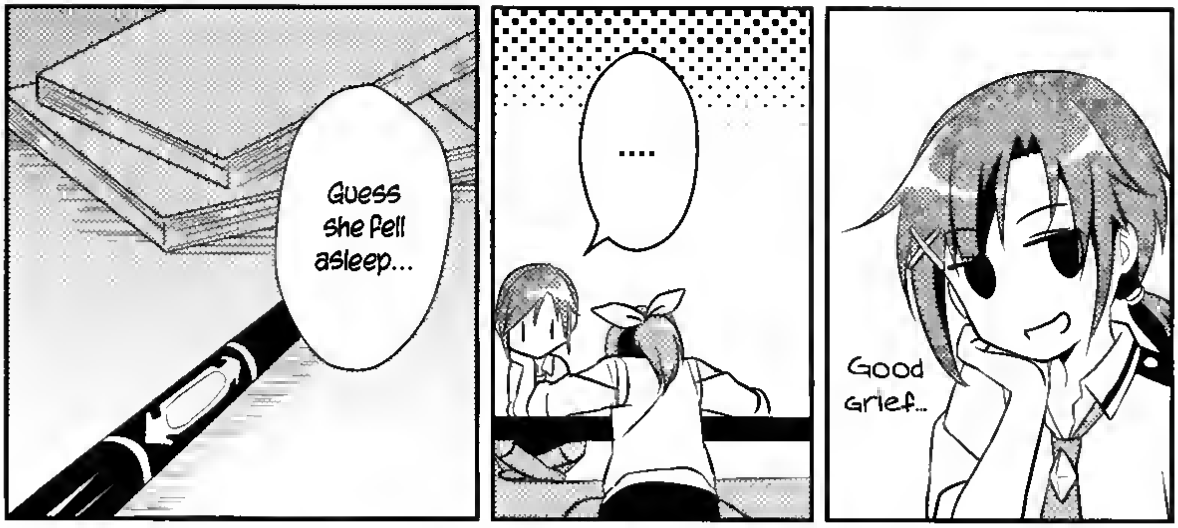
Blush
Ah...
Ehh--
What's wrong?

Ah
Okay then...
What about when "seed" is used as a verb?

Over here.
"Seed" is used as a verb when
it's meant as "sowing seeds"...
Over here.
This is not safe for work!!!

Excuse me...

I need to use the bathroom!

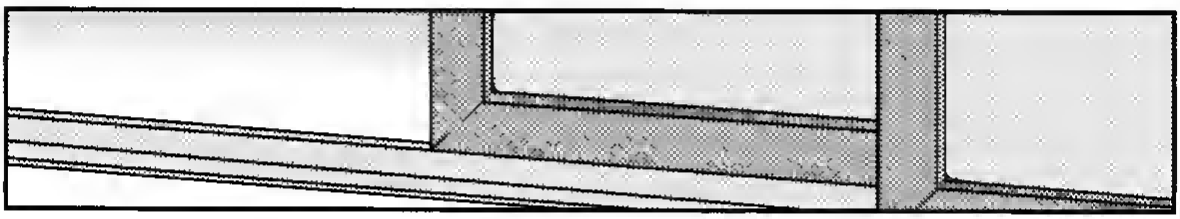


Guess she fell asleep...
....
Good grief...

She's drooling too...
Snore
NNNNNN

Ah!

I wonder if Nao is keeping up with her history studies.
Why would she suddenly say something like that...
Honestly, Akane...



EH?

They're kissing...!?!?
Badump
Badump
Badump
Badump
RUSTLE
What is this...
Badump
Badump
Badump
Badump
Badump

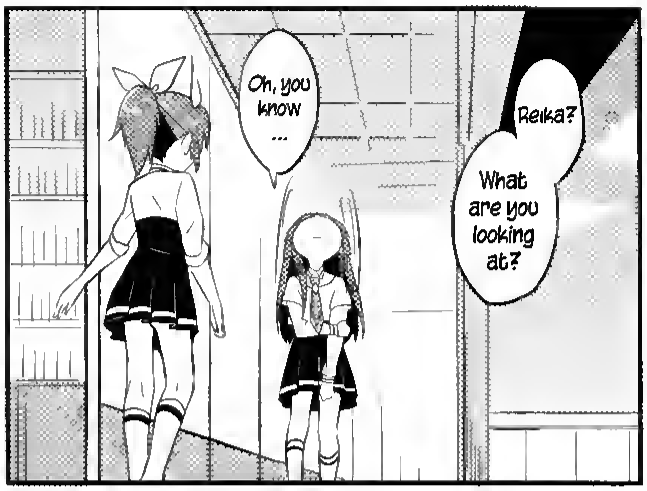
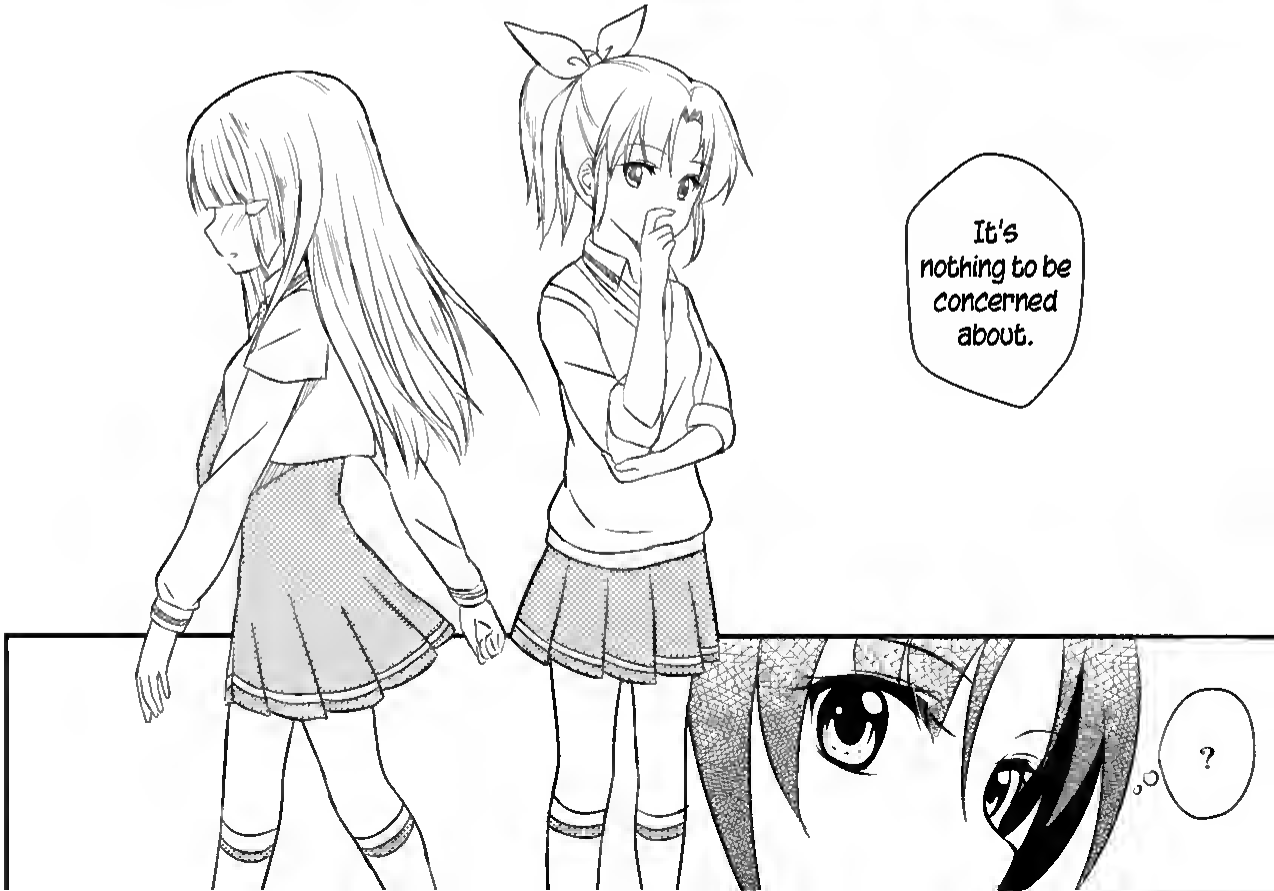
throbbing feeling in my chest...?
What...?



Reika?
What are you looking at?
Oh, you know ...

Fueh ...?
G'Mornin, Nao!
Where are you going?
Bathroom
What if Nao sees me... !?
Oh no...!

I don't see anything up there...



It's nothing to be concerned about.
?

What is it?
Reika
Um...
Could you come with me to the bathroom?
Ah...
Akaaaa neeeeeeeeeee!!!!!
Haa haha Haa hahaha
So they... weren't kissing.
Sure thing. Let's go, Nao.
hehe
But first...
hehe
Your face...
Eh?

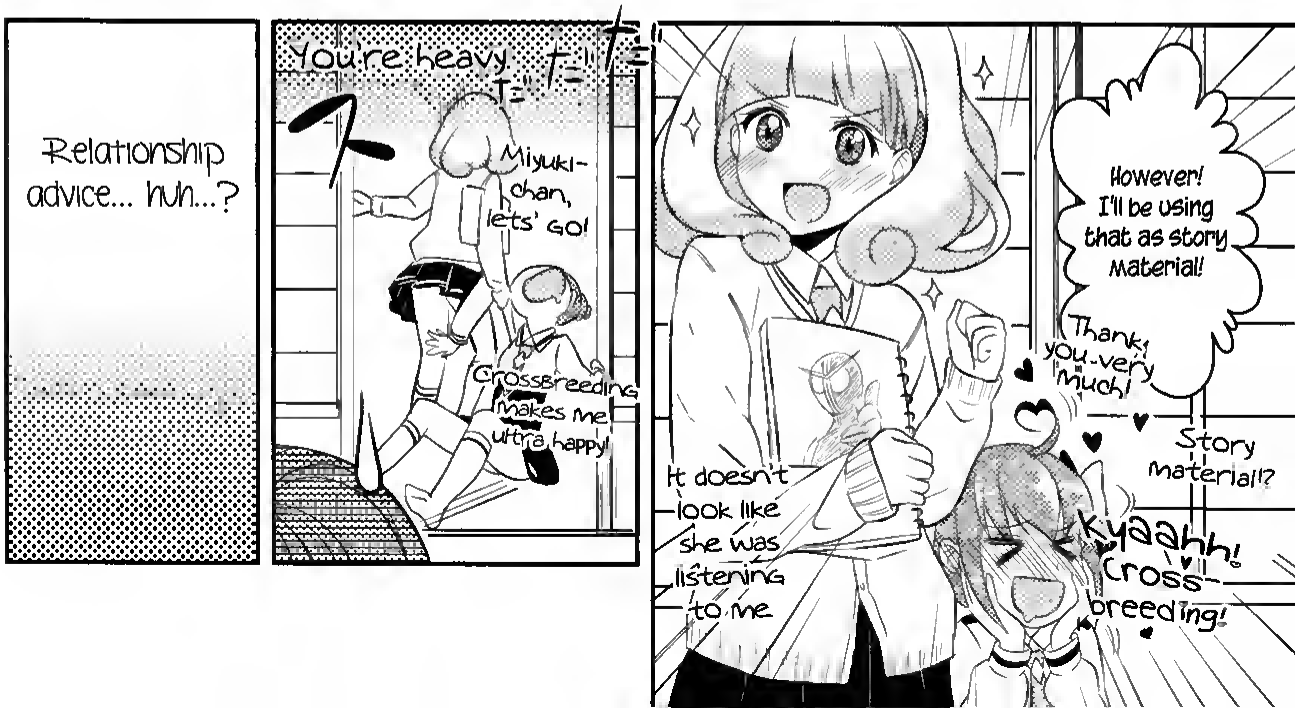
Episode 1
Aoki Reika's
Life Counseling Room
Yeah, right.

excited
That's unusual, coming from you, Miyuki-chan.
Yayoi-san too?
Actually, Reika-chan...
there's something that's troubling me.
What about Peter Pan?
ぽわ
ぽわん
What should I do!? He's older than me, and he's a wolf, I'm at a loss...
Lately, when I see him from afar, I nearly lose my breath. And then today, our shoulders touched, and my heart skipped a beat.
IN HEAT!!
YOU'RE IN LOVE, MIYUKI-CHAN!!
Still, when I think about Wolfrun, I get ultra happy. I should have known all along, I am...

Miyuki-san...
First of all, there is one thing that you must understand.
I wanted to get your advice on this, Reika-san, since you're calm and collected...
That's why...
Are you aware of the term "reproductive isolation"?
This is such an embarrassing conversation... I wonder what sort of books Reika-chan normally reads...
CROSS-breeding
REPRO-duction
It means that two different species are unable to produce offspring.
CROSS-breeding Reproduction

Even, if by chance, you two do have a child together...
your child's reproductive capabilities will be defective, and you won't be living any
ENOUGH ALREADY!!
Reika-chan! This is no good at all!
Sigh
Sigh
Yayoi-san...
You don't understand what it means to give her relationship advice!



Relationship advice... huh...?
You're heavy
Miyuki-chan, let's go!
Crossbreeding makes me ultra happy!
However! I'll be using that as story material!
Thank you very much!
Story material!?
It doesn't look like she was listening to me
Kyaahh! Cross-breeding!

Maybe the one
who needs
advice...

is me.
